**COMMUNICATION FROM THE CHAIR**

**WELCOMING MEMBERS FROM RECESS**

**The Speaker:** Hon. members I wish to take this opportunity to welcome you to this new session of the Assembly after a long, eventful, energy sucking and dramatic recess. The end result of the majority was big and unexpected surprise to all of us; however, I congratulate all of you for putting up a very valiant fight despite the disappointing results to most of the members.

I wish to encourage you to stand strong, knowing you had done your best to your constituents and have no regret. I wish also to congratulate those members that won the nominations.

Of particular delight to all of us is to see one of us, namely Mary Waithira Njoroge shooting from a nominated Member of County Assembly to be most likely our next Member of Parliament for Maragua constituency; congratulations my Member of Parliament.

Honourable colleagues, despite the results, let us remember we are here officially until August 7, 2017 and no less. We are still full members of this Assembly; we must therefore be loyal and faithful to our responsibility and make this last session successful and spirited as all the past ones.

We have a duty to do that to those who elected us in 2013, there must be no show of slackness during the Assembly settings or in the committees; it is business as usual, what is expected is improvements because for so many the campaigns are over.

This week the County Assembly Service Board is organizing a very serious session to discuss the budget proposals away from the political hustles and bustles of Murang'a politics in a quiet and peaceful atmosphere in Nanyuki to allow for utmost concentration. It a very serious exercise and we are hoping the executive will forward the budget, in fact I am told they have, and will be tabled today afternoon. God bless you.

**Hon. Duncan Njuguna:** Before I table my report, I would also like to thank and congratulate those members who made it to the nominations, And for us who never made it, they say it's over until it's over; we have the 8<sup>th</sup> of August in front of us and I think we will do something.

Other than that I would like to table the report of the Land, Housing, Physical Planning and Settlement committee on the urban land use planning: monitoring and oversight guidelines, be laid on the table of the Assembly today Tuesday May 2, 2017. Thank you Mr. Speaker.
