8* MOTION (Hon Charles Kirigwi – MCA Kinyona Ward)

AWARE, that transport infrastructure is a key priority in the Kenyan development and growth strategy, further aware that feeder Roads include any road off the primary paved network that provides a link between the primary network and the network of rural access roads, recognizing that development of agriculture through improved road access to growth centres is imperative to achieving economic benefits; this house urges the County Executive member for Public Works, Roads and Transport, to procure at least **10 Acres of black murrum land** within the county to be lifted by the tea factories, for making feeder roads to improve access, further the County Executive Member to facilitate the factories by providing pedestrian or pneumatic rollers to flatten the roads.
