HON. CHARLES MACHIGO KARINA

CHAIRPERSON, BUDGET AND APPROPRIATIONS COMMITTEE.

2.0 INTRODUCTION

Hon. Speaker, Pursuant to Article 228 of the Constitution of Kenya, the Controller of Budget is mandated to oversee budget implementation and report to the county assembly on how the county government is expending monies on behalf of the county residents. The Budget and appropriations committee after receiving the reports from the Controller of Budget analyses them and conducts its own oversight on the budget. During the scrutiny of the First Half Budget Implementation Report FY 2022-23, the committee was cognizant that the period dated July to December 2023 was the first half year of a new county administration. During that period Hon. Speaker, the new county government was putting structures to enable implementation of the new fiscal framework as contained in the Governor's Manifesto.

This House should therefore be aware that the reporting period had no major development activities due to lack of implementing legal and policy instruments. During the period, the county assembly adopted the Revised Annual Development Plan FY 2022-23 and the First Supplementary Estimates for the FY 2022-23. Additionally, various policies and legal instruments were adopted that include; the Health Policy, Agriculture Input Subsidy Policy, the Internship Policy, Subsidy Fund Regulations and the guidelines. These instruments Hon. Speaker were adopted in order to enable budget implementation under a revised fiscal framework. The committee has therefore highlighted observed patterns in budget execution as well as made policy recommendations for better performance going forward.

3.0 COMMITTEE OBSERVATIONS ON THE FIRST HALF FY 2022-23 BUDGET IMPLEMENTATION

- a) That the first supplementary budget for FY 2022-23 amounted to Kshs. 9.64 billion that comprised of Kshs. 2.89 and Kshs. 6.75 for development and recurrent budget respectively. The approved estimates of revenue comprised of Kshs. 7.18 billion from equitable share,

Kshs. 1.5 billion from own source revenue, Kshs. 639.63 million as conditional grants and Kshs. 322 million as cash balance from FY 2021-22.

- b) As at 31st December 2022, the county received Kshs. 3.46 billion that comprised of Kshs. 2.3 billion equitable share, Kshs. 175.4 million own source revenue and Kshs. 918.8 million as Appropriations in Aid. The total amount received was 36% of the total budget. The amount received from equitable share was 33% of the total estimate.
- c) The local revenue collected was 11.7% of the total revenue target and comprised of Kshs. 47.4 million from hospital fees, Kshs. 37.2 million from Cess revenue, Kshs. 19.4 million from Barter market fees, Kshs. 14.6 million from bus park fee, Kshs. 9.2 million from plan approval and Kshs. 47.2 million from other revenue sources. The revenue collected represented an increase of 1.5% compared to the amount received in a similar period of the FY 2021-22.
- d) The county was authorized to withdraw from the County Revenue Fund (CRF) Kshs. 3.19 billion that comprised of Kshs. 181.23 million for development expenditure and Kshs. 3.01 billion for recurrent activities. The recurrent exchequer comprised of Kshs. 2.13 billion for compensation to employees and Kshs. 880.01 for operations and maintenance. The wage bill included Kshs.1.07 billion paid to health sector employees translating to 50.5% of the total wage bill. The committee also notes that personnel emoluments amounting to Kshs. 350.59 million was processed through the manual payroll instead of the Integrated Personnel and Payroll Database (IPPD).
- e) The County Revenue Fund had a cash balance of Kshs. 273.13 million as 31st December 2023.
- f) Out of the receipts, the county spent Kshs. 3.11 billion on both development and recurrent activities. Expenditure absorption rate for development budget was 6.3% while recurrent budget was absorbed at 43.5%.

| | Total | 2,892.72 | 181.23 | 181.23 | 100 |

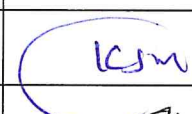

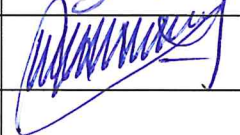

Only two departments had development expenditure during the first six months of the FY 2022-23 namely; Agriculture and Education. The low uptake of development funds could be attributed to lack of legal and fiscal framework to implement capital projects.

4.0 COMMITTEE RECOMMENDATIONS

The committee recommends that;

- a) The County Executive Committee Member for Finance should submit a report on how the county treasury has addressed issues raised by the Controller of Budget on Integrated Personnel and Payroll Database (IPPD), over expenditure in some votes, low revenue collection and payment of pending bills.
- b) The County Assembly sectoral committees should review the approved policies and legal instruments to identify their effectiveness in budget implementation. Review of the Subsidy Fund Regulations, Health Fund Policy and Regulations.
- c) The County Executive Committee Member for Finance should devise strategies that can raise revenue collection during the first six months of every financial year. More research should be done to identify potential revenue sources that can be productive during the recessive period of the business cycle.
