

MURANG'A COUNTY

MCA's approve creation of Office of County Attorney

The county government has approved a proposal to have the Office of the County Attorney established.

Members of the county assembly (MCAs) overwhelmingly approved a motion by Catherine Mugo that sought for establishment of the legal department at the county headquarters.

She said creation of the legal department would help in handling of civil suits that could haunt the county government.

Ms Mugo said the legal office would facilitate the formulation of bills and guide the county government professionally.

"The legal adviser will also help in formulation of crucial bills and guide the county assembly and the executive arm in all legal aspects," said Mugo, a lawyer.

Nominated MCA Cecilia Gitu said: "Some disputes could be settled out of court if there is urgent intervention by legal experts."
