NOTICE OF MOTION

SETTING UP INVESTMENT DESK

Hon. Rebecca Mwigigi: Thank you Mr Speaker, I beg to give notice of the following Motion;

Aware, that Murang'a county is endowed with vast untapped wealth which can be harnessed to generate income and jobs for our youth, cognizant of the attractive natural panorama of hills, water falls, caves, iron mines, tile making soils and historical sites found in Murang'a, noting that these natural resources can be tapped for tourism activities and revenue generation like cable cars, trout water fishing and sports, tiles manufacturing industries and electricity generation, mindful of the need to attract investors in our lovely county, dismayed that the county government has not established linkages of our resources to both local and international investors, leaving the county treasures buried to waste, concerned that trade, industry and tourism development is a devolved function pursuant to the fourth schedule of the Constitution of Kenya 2010, yet it is not being fully achieved; this Honorable Assembly urges the County Executive Member in charge of Commerce, Trade, Industry and Investment;

1. To set up an investment desk where potential investors can access all the information they need to invest in Murang'a.
2. To map all the natural resources in our county.
3. To allocate budget for establishment of such an important office in this financial year 2017/18.
4. To prepare an investment incentives policy to attract investors in Murang'a county.
5. To convene annual Investment Conferences in Murang'a in the next term 2017 to 2022, and allocate budget for the same in every financial year.
