

MCA's reject pay report

BY KNA

THE Murang'a county assembly has rejected a report recommending compensation to victims of land irregularities caused by the now-defunct county council.

The report was tabled by the Committee of Lands, Housing, Physical Planning and Settlement chairman Duncan Njuguna on disputed ownership of Rurii Secondary School land.

It recommended compensation to Ruth Kereka, who was embroiled in a land dispute with the previous county council.

The county council had allocated 10 acres initially demarcated for the school to the private developer in exchange for a parcel purchased earlier in Ex-samar.
